Your Sponsorship Donation will help dogs right here in San Diego. Plus, over 43,000 dog-lovin' humans will get to know you. Check it out...

- Over 32,403 local customers will hear about your business
- Over 10,000 visitors will see your name on the website
- Over 43,300 followers will see your name on social media

Your support helps dogs like Jamal

Your Sponsorship gives the gift of life to dogs at home and across Southern CA like Jamal. But, unfortunately, in one of the most serious cases of abuse, this boy was bound, beaten, his leg broken, and exposed and thrown by a remote roadside to a painful end of life.

Lucky might not be the word we would use to share the story of Jamal, but it describes his new life. With this important Fundraising Event and your Sponsorship, dogs like Jamal go from unlucky to LUCKY. He was rescued by Labs and More within hours of being found by our local shelter and was in the care of professionals who saved his life, his leg, and possibly his eyes.

The journey of dogs like Jamal is neither easy nor inexpensive, but by no fault of Jamal, he fell into the hands of evil, and don't you agree goodness should prevail? With your support, we can share much more kindness, goodness, and care.

Continuing to rescue young momma dogs starving on the streets with nowhere to deliver their newborns safely is also core to what we do. Last year alone, we rescued over 250 moms, and all their puppies were delivered safely. The best news is that every one of the moms and pups was spayed and neutered, impacting the number of homeless dogs.

Together we can continue to make a real change, with 14,389 dogs and puppies saved and counting.
